

Spike XD-2 SoftApp Installer for Windows XP

Note: The XD-2 driver and software files available for download from the Mackie website are compressed. You will need to unzip the downloaded file.

If you have already installed an older version of the XD-2 SoftApp, you will need to uninstall the application before proceeding. To do so:

- Go to **Add or Remove Programs** in your Windows XP Control Panel.
- Search for **XD-2 SoftApp** in the list of installed programs and click **Remove**. Follow the on-screen instructions to remove the driver.
